

# ReDoc eBackup Service

powered by DataHEALTH is now available

*Would your clinic be devastated if you lost your clinical and financial data?*

**Below are 5 great reasons to sign up for ReDoc eBackup Service, powered by DataHealth:**

1. Peace of mind knowing your data is secure. Security of knowing data is never lost.
2. Time and money savings—there is no need to purchase new hardware or spend time backing up your files on tape or CD
3. Protects data but also makes it easily accessible. Instead of hunting for hours for a file, you can restore it with a click of a mouse.
4. All of the data you backup is sent and stored with the strongest level of encryption available. No one but you can view your data!
5. Eliminates the risk of manual backups, faulty tapes or drives, improper tape storage, human error and fire and storm damage

Need another one? As one of our valued clients, we want to extend the following limited offer to you:

***A Complimentary 30 Day No Obligation Trial!***

**"It's easier to prepare and prevent, than to replace or repair."**

Did you know the following information about backing up data?

- Six percent of all PCs suffer an episode of data loss in any given year.
- 34% of businesses fail to test their tape backups.
- 77% of businesses that DO test their tape backups have found failures.
- A large number of PC users **NEVER** backup their systems!

**ReDoc eBackup Service, powered by DataHEALTH** offers multiple lines of defense to safely secure your data. This backup solution protects your critical data while still making it easily accessible so that you never again have to search for a lost file.

All of these features and the added peace-of-mind are offered to you for as little as \$1.00 per day.
